

Variation Showcase

What is Variation Showcase?

Variation Showcase is an opportunity for your dancer to prepare, outside of regular classes, a solo or ensemble piece of choreography in his/her choice of styles, and perform that piece in a theater setting for an audience and a panel of adjudicators. Feedback from the adjudicators can be used to improve future dance performances.

Variation Showcase is not a competition. Dancers will not be ranked in any way, and there are no winners or losers. Everyone will benefit from the opportunity to perform on a stage in front of an audience and receive professional feedback.

Variation Showcase 2025 will take place on **Sunday, February 23, 2025** at the Granville Arts Center in Garland, TX. A full studio run-through in costume will be held at Dallas Ballet Center on **Sunday February 16**.
